Not sure what format you wanted this in but I added a section to the existing briefing for a compliance summary and added in the additional PA facility. Let me know if you have any questions.

Thanks

Kris

Zelma,

The RA has asked for information on the 2 ethylene oxide facilities to prepare for his meeting with the Secretary PADEP this Thursday. I have attached the information prepared by Alice that shows all the facilities in our Region, but they are specifically looking for the information on the facility in Pittsburg and in Allentown. Call me if you have questions.

Thanks
